Machine Age Hasn't Hit Hans Larsen

Shades of past are recalled at Edmonton's Exhibition grounds today as grounds are given last minute trim prior to gala opening of 71st annual Exhibition on Monday. Hans Larsen, veteran groundskeeper, wields

mighty scythe as he puts final touches to scenic setting near racing stable. This year's fair is shaping up as best in history of notable events. Full day of racing is slated for every day of exhibition. —Photo by Bland

Blood-Stained Axe Entered As Murder Trial Exhibit

WATCH YOUR STEP, PLEASE

LOS ANGELES, July 16.—(UP)—Joe Nakea, 34, stepped off a 120-foot cliff at Point Fermin, bounced twice on the way down, brushed himself off and walked away, police reported today.

U. K. Dollar Talks Go On

LONDON, July 16.—(Reuters)—Commonwealth finance ministers held another 24-hour closed session today on the dollar-sterling deadlock.

Delegation sources later said discussion on short-term measures to bridge the sterling-dollar gap will be continued "and perhaps completed" Monday.

ON MOTORCYCLES

Edmonton City Police First With New Radio

Edmonton motorcycle policemen now can "talk back" to their dispatcher.

Shots Fired At Prowler

Two shots were fired at 12:45 a.m. today when a police constable attempted to apprehend a man loitering suspiciously in vicinity of Kenn's Service Station, 109 street and 100 avenue.

Volcano Erupts For Ninth Straight Day

SANTA CRUZ, La Palma, Canary Islands, July 16.—(AP)—Mount Pelada volcano today erupted flames and molten lava for the ninth straight day on this tiny Atlantic island.

OFFERED \$50 BILL

Lakusta told of driving Hayes and two men to Hayes' 157 street shack last June 30, day of the brutal slaying.

Child Missing In Stolen Car

NEW YORK, July 16.—(UP)—Police broadcast a city-wide alarm for an automobile thief who stole a car today containing a sleeping child.

Sgt. J. A. Solly of the RCMP identification branch produced the axe, a large, double-bladed weapon. Dark blood stains and bits of hair showed on the blade. A blood-stained chair taken from the murder house in West Jasper Place was also entered as an exhibit.

Following Sgt. Solly to the witness stand was Staff Sgt. J. I. Mallow of the RCMP crime detection laboratory at Regina.

Staff Sgt. Mallow produced bits of hair, an iron bar and blood-stained clothing.

Another witness this morning was Robert Kaehower, owner of the Arlington Hotel.

Kaehower, who had employed Hayes briefly, told of the accused man coming to him either June 28 or 29 and asking for money.

Kaehower told court Hayes had said "I am in desperate need of money."

Kaehower said he refused Hayes' request.

First witness to take the stand this morning as the preliminary hearing went into its second day before Magistrate McCulla was John Lakusta, city taxi driver.

Lakusta told of driving Hayes and two men to Hayes' 157 street shack last June 30, day of the brutal slaying.

Lakusta said he returned to the house and saw the two men digging a grave-like hole in front of Hayes' house.

Redwater Oil Leases Sell for \$3 Million

Two Killed In Regina Car Crash

Railway District Man Dies as Auto Hits Standard

REGINA, July 16.—(CP)—Mrs. Elizabeth Kuffner of Regina died in hospital today, bringing to two the number killed as a result of injuries suffered when their car ploughed head-on into an iron light standard in south Regina last night.

Louis Gallinger of Regina, Alta. driver of the car, also was killed and seven others injured in the crash.

Joseph Gallinger, 24, of Regina, brother of Louis, George Kuriz, Mrs. James Rogan, Mr. and Mrs. John Young, Andrew Kuffner and Max Vicky Kamarski, all of Regina, were injured in the smash-up which destroyed the entire front half of the automobile and bent the iron standard back at least one foot.

ALL IN SAME CAR

It is believed the nine were all related.

All nine were in the same car. They were returning from a picnic drive around the city when the car suddenly swerved and smashed to the standard, making a crash like a small explosion.

A. F. WHITNEY
... Dies suddenly.

Rail Union Leader Dies

CLEVELAND, July 16.—(UP)—Alexander F. Whitney, president of the Brotherhood of Railroad Trainmen and one of the most powerful labor leaders in America, died unexpectedly today of a heart attack. He was 76 years old.

The short, white-haired Whitney, who had headed the BRT since 1928, was stricken in his sleep and died at 1:45 a.m. EDT before his wife could summon aid, his secretary, Miss Markey said.

GOOD HEALTH TO END

Whitney was in apparent good health up to the end, Markey said. He described his death as "sudden and unexpected."

As head of 214,000 railroad trainmen in 1,445 branches throughout the United States and Canada, Whitney, who started out as a news butcher on the Illinois Central Railroad, was one of the nation's most powerful labor leaders. The BRT has often been called "the wealthiest union in the country." But Whitney probably is best recalled as the man who halted almost every train in the nation in the spring of 1948.

Along with Alexander Johnston, head of the Brotherhood of Locomotive Engineers, Whitney called a nationwide rail strike on May 23, 1948 that was termed "100 percent effective" by the American Association of Railroads. However, the strike was short-lived.

UNDER THREAT OF STRIKE

Under threat of government seizure and operation, Whitney called off the strike minutes before a p.m. deadline on May 23 set by President Truman. Whitney was furious with the President for breaking the strike and vowed publicly to spend \$1,000,000 of his union's funds to defeat Mr. Truman.

However, Whitney, who was at all times a staunch Democrat, made up with Mr. Truman in January 1948 mainly because of the President's opposition to the Taft-Hartley act.

Board Probes Steel Dispute

WASHINGTON, July 16.—(AP)—A presidential fact-finding board in the steel labor dispute took over one of the biggest economic questions in the United States today, should there be a "fourth round" of post-war wage increases.

The three-man board was appointed last night by President Truman to end a tense 72-hour speculation over whether the steel industry, or a big part of it, would be shut down indefinitely today.

NOT BINDING

The board's recommendations on wages, pensions and insurance issues in the steel dispute won't be binding on either the United Steelworkers or the American Iron and Steel Institute (AISI).

However, Whitney, who was at all times a staunch Democrat, made up with Mr. Truman in January 1948 mainly because of the President's opposition to the Taft-Hartley act.

Five Bids Accepted For Crown Lands

Five offers totalling \$2,951,526 were accepted by the provincial government yesterday for petroleum and natural gas rights on eight quarter-sections of Crown reserves in the Redwater oilfield area.

Announcement of the sale of the rights was made by Lands and Mines Minister R. E. Tanner.

The eight quarter-sections were included on a list of thirteen parcels on which bids were received until close of business yesterday. Offers on five of the parcels were rejected.

\$26,000 TOP PRICE

Top price of \$26,000 was paid by the Anglo-Canadian Oil Company for rights to the northeast of section 10-38-22-04. This quarter is immediately north of one on which the team of Pacific, Atlantic, Sunray and Calvan have completed three producers at the northwest end of the field.

Parcel immediately to the west of the Anglo-Canadian purchase northwest quarter of 10-38-22-04, went to the Texaco Exploration Co. for \$415,000.

Texas also obtained rights to three other quarter-sections. These include the northeast and north-west quarters of section 5-38-21 and the southwest quarter of 8-38-21-04. Sale prices were \$335,000, \$387,000 and \$470,000 respectively.

NEAR RECORD SITE

Northeast quarter of section 8-32-24-04 immediately southeast of the section for which Amerasia Petroleum Corporation paid the record \$1,223,526 a month ago, went to E. Watt for \$281,126.

Pacific Petroleum obtained the northeast and southeast quarters of section 17-38-22 for \$37,500 and \$92,000 respectively. This property lies two miles northwest of the site where this company has completed several producing wells.

No decision has yet been made on offers for 22 other parcels of land out on the block. The parcels are spread over several acres of the province where likely production prospects have been encountered.

B.A. Quitting Imports Of Montana Oil

LITCHFIELD, Alta., July 16.—(CP)—One of the first signs that Alberta's rapidly-expanding oil production is starting to compete with U.S. oil imports comes in an announcement by officials of the British American Oil Co. that it is ceasing operation of its Litchfield terminal for importing Montana crude oil.

James A. Tennant, manager of the terminal, announced the firm has discontinued importing crude oil from Cuthbert and is dismantling its facilities and shipping them to Redwater.

Boat Explosion Kills Five Of Holiday Party

ROSEL, Que., July 16.—(CP)—Five persons of a motor-boat party of seven were killed last night when their launch exploded in the St. Lawrence river about nine miles from Rosel.

Four of the killed were members of the same family, two brothers and two sisters. Another sister and one of the men in the party were saved.

The explosion occurred about 150 feet from the Atte de Rosel, a small island in the river.

Five Die In Crash

BERLIN, July 16.—(UP)—Five members of British Royal Air Force were killed today when their plane crashed and burned on a take-off from Tegel airfield in the French sector of Berlin.

Raging Forest Fires Get Steadily Worse

Raging Alberta forest fires are "getting worse all the time."

Latest word from the fire fronts indicates that hot weather is increasing fire hazards steadily. The Bulletin was told this morning by chief timber inspector J. L. Janssen.

Although no new reports have been received today of new forest fires, the present fire situation is getting steadily worse.

The 16 present fires are spreading through the province, despite continued efforts to quell flames.

AIRPLANES USED FIRST TIME

For the first time, airplanes were used in fighting forest fires today. Because of bushy terrain, difficulties in transportation, most supplies for the fighters must be shipped in by pack horse.

Yesterday, supplies were dumped in by plane.

Drums of gasoline and oil were dropped by parachute, and a supply of food was also dumped. These are used by the fire pumpers being used to spray back around the fire-fighters' camp, to lessen any danger of fire starting at the camp.

Number of men fighting provincial forest fires has been increased in the past week from about 60 to more than 225. Seven new fires were reported this week.

B.C. Damage Still Mounts

VANCOUVER, July 16.—(CP)—Damage from forest fires in British Columbia is mounting fast today as firefighters battling and guarding fires throughout the province.

At Cowichan Lake, on Vancouver Island, a rebel, gale-whipped conflagration has consumed 12,000,000 feet of felled and bucked timber.

The fire also has destroyed two donkey engines, a bus, a truck and a trailer and other logging equipment as it broke through a ring of firefighters yesterday and drove them before it.

Officials said there had been practically no rains in the area.

Officials said there had been practically no rains in the area.

MARRIED IN Nante Lee, N.M., yesterday was Actress Greer Garson, husband is Capt. J. E. H. Garson, U.S. Army, recently Texas rancher, wealthy.

FREE BABY-SITTING

Nursery Now Attached To Gambling Casino

LAS VEGAS, Nev., July 16.—(UP)—Wilbur Clark, who made and lost three fortunes on the baby sitting and television sets all over the place, Clark declared as he turned the first angle of dirt on the casino's 16-acre site.

Ranch station KRAM, a Mutual affiliate, also will be located in the casino.

the old saloons and gambling halls, we're going to furnish free baby sitting and television sets all over the place. Clark declared as he turned the first angle of dirt on the casino's 16-acre site.

Ranch station KRAM, a Mutual affiliate, also will be located in the casino.

It Happened TODAY

United Nations

United Nations prepared to tackle some of the world's problems from a new angle by mobilizing science on an international scale to fight waste of natural resources. Dr. Hugh L. Kennedy, deputy minister of mines and resources, is one of the 400 experts from 30 countries who will attend the conference.

DR. KEENLEYSIDE ... Will confer.

The Nation

Canada's traditional spirit of free enterprise has been largely responsible for the "vigorous progress" in the processing of minerals in recent years, said C. S. Parsons of the bureau of mines.

Harold Winch, British Columbia CCF leader, said a Vancouver newspaper story of possible purging within the section's ranks is "newspaper speculation."

Electric power production in Canada has reached an all-time high. Output by central electric stations during May was five per cent higher than in the same month a year ago.

The Army Worm, a tiny crop-chewing caterpillar, with a king sized appetite is on the march in sections of Western and Northern Ontario. Reports say the furthest, striped-backed worms are invading the farm lands and consuming an increasing amount of grain and vegetables.

Theatre

Elmer F. Dowd and "Harvey"—an amiable lunk and a big white rabbit who took Broadway by storm—will wander down to Charley's Place tonight for their last drink together.

Labor

Gov. Ingram Snaiback of Hawaii said he will fight for legislation to permit the territorial government to operate waterfront facilities on a permanent basis. "Some people consider this union-busting," he said, "but it certainly should be citizen-saving."

State Rests Lonely Hearts Murder Case

NEW YORK, July 16.—(CP)—Assistant district attorney Edward Robinson, Jr. of Nassau county said today the state would rest its case in Bronx Supreme Court Monday against confessed "lonely hearts" slayers Raymond Fernandez and Mrs. Martha Beck.

The defendants are charged with the first degree murder of Mrs. Janet Fay, 66-year-old Albany N.Y.

Traffic Sought Through Alberta

Montana Seeks Better Rates On Direct U.S.-Alaska Lines

HELENA, Mont., July 16.—(AP)—The Montana Chamber of Commerce is prepared to ask that definite rates be placed on the Canadian rail lines docked—a necessary step before putting into effect any rate change between Montana cities and Alaska through the rail lines.

Race Entries

EXHIBITION GROUNDS, MONDAY
Post 2:00 p.m.
FIRST RACE—5:10 claiming; 4-year-olds and up; about 4½ furlongs.
Carle 111
Woe Meadows 114
Puddy 116
Foolish 117
Also eligible:
Eleanor Bid 117
Ladner Lad 117
Penny D. 117
Bemus 118
Gey Loner 119

SECOND RACE—5:30 claiming; 4-year-olds and up; (closed in Canada); about 7 furlongs.
Pine Hog 116
March Beat 117
Hot Foot 117
Bowie City 117
Also eligible:
Willy 117
Paddy R. 117
Ace of Clubs 118
Cousins 118
Little Dee 118
Garwick and 119

THIRD RACE—5:50 allowances; for 3-year-olds and up; 1 1/16 miles.
Howevelt 117
Carle 117
Peggy F. 117
Glamorous 117
Also eligible:
Willy 117
Paddy R. 117
Ace of Clubs 118
Cousins 118
Little Dee 118
Garwick and 119

FOURTH RACE—5:50 claiming; 4-year-olds and up; about 7 furlongs.
Divide 119
Sageluis 119
Jandam 119
Piquet 119
Also eligible:
Willy 119
Paddy R. 119
Ace of Clubs 120
Cousins 120
Little Dee 120
Garwick and 121

FIFTH RACE—6:00 Handicap; for 3-year-olds and up; (closed in Canada); (Alberta Handicap); about 6 furlongs.
Divide 119
Sageluis 119
Jandam 119
Piquet 119
Also eligible:
Willy 119
Paddy R. 119

MOM OF BOY SEES NO JOY IN ODD TOY

URBANA, Ill., July 16.—(UP)—Seven-year-old Ronnie Runyan found a wonderful "toy".
But his mother took it away and got rid of it. Ronnie found it and dragged it back to the house.
Mrs. Runyan called police. Police called the air force. The air force sent demolition experts who buried the "toy" so deep that Ronnie will never find it again.
The "toy" was a .75 millimeter artillery shell.

Club Circuit Sets Sights For Novelty

MONDAY—North Side Kiwanis.
TUESDAY—South Side Kiwanis and Gyro.
THURSDAY—Lions, Rotary, Optimists, and Active.

FRIDAY—Y's Macc.
Edmonton's service club circuit is primed for something just a bit different in the way of entertainment next week.

Swaying hips, it is hoped, will substitute for moving lips of the usual after-dinner speaker.

And who can blame the service clubbers? With Gypsy Rose Lee and sundry other vivacious strip-tease artists in town, who wants to listen to talk on the state of the union?

North Side Kiwanians, who were swayed by the wiggings and waggings of Sally Rand last year, have opted for an entertainment group from the Royal American Show to their luncheon Monday at the Macdonald.

They're keeping their fingers crossed. Perhaps the Gypsey will show.

Lions club have invited the Harlem Entertainers to their knife-and-fork gathering at the Macdonald Tuesday. The Harlem gang, dusky beauties of the road, sing and dance with Royal American.

A less exciting program has been planned by South Side Kiwanis. They will hear James Paul, head of the Edmonton Exhibition Board, apply here and in other border traffic along the Canadian line.

"We are going to do business with Alaska," Nichols said, "and it has to be by truck. It will have to be by truck."

However, he urged a change in rail rates to facilitate north-bound traffic.

OLD COLONEL

EDMONTON MONDAY
FIRST—Carle, Wee Meadows, Genie's Boy.

Manitoba CCF Endorses ERP

WINNIPEG, July 16.—(CP)—Delegates attending the Manitoba CCF convention—meeting in closed session for the second consecutive evening—voted last night to endorse the European Recovery Program and after a long debate approved the North Atlantic Security Pact.

By endorsing ERP, delegates reversed the stand taken by the Manitoba convention one year ago, when it went on record as opposing the Marshall plan but favoring an international aid program under administration of the United Nations. The convention last night rescinded the motion it had passed last year.

Gov't Will Make 1949 Wheat Forecast Soon

By Harold Morrison
OTTAWA, July 16.—(CP)—Next month the government will come up with one of the most important predictions of the year—the preliminary estimate of Canada's field-crop production. The Bureau of Statistics will bare the estimate Aug. 16 but agriculture experts now are going out on the limb in making forecasts.

The guesses range all the way from a low of 300,000,000 bushels to a high of 400,000,000 bushels for wheat, about the same for oats and anywhere from 100,000,000 to 200,000,000 bushels for barley.

Some experts say Canada's grain-growing farmlands, with their fields of well-headed golden brown stalks may yield as much as \$1,000,000 worth of grain this year.

NO BUMPER CROP
But by no means is 1949 considered a bumper crop year. Weather reports prevailed in the early spring and summer months. Some parts of the prairie wheatlands—mostly in Saskatchewan and Alberta—are in need of rain and in the drought areas grasshopper infestation is growing serious.

In fact between now and harvest time, the crops which form the bulwark of Canada's economy, will be at their crucial stage.

A hot burning sun may scorch the crops and cut estimates, but likewise sudden outbreaks of showers in the dry areas may swell the harvest to near record proportions.

PRODUCTION FIRM
Last year production held firm, giving 325,000,000 bushels of wheat, 350,000,000 bushels of oats and 155,000,000 bushels of barley. That production had a total farm value of \$1,025,000,000.

From the export point of view, great international significance is given Canada's wheat production. In spite of declining markets in other fields, Canada still has a 1949-1950 contract of 140,000,000.

Lions club have invited the Harlem Entertainers to their knife-and-fork gathering at the Macdonald Tuesday. The Harlem gang, dusky beauties of the road, sing and dance with Royal American.

A less exciting program has been planned by South Side Kiwanis. They will hear James Paul, head of the Edmonton Exhibition Board, apply here and in other border traffic along the Canadian line.

"We are going to do business with Alaska," Nichols said, "and it has to be by truck. It will have to be by truck."

However, he urged a change in rail rates to facilitate north-bound traffic.

UNLESS THIS YOUTH is captured at once, City faces virtual bankruptcy, a civic leader said today. He was commenting on a report at police headquarters that a youth is running at large with the next best thing to a combination to city vault—a key which fits parking meters. Already bandit has made off with a large haul in city funds.

Two Cars Roll in Ditch, One Driver Faces Charge

MOVING MOUNTAIN DRIVES FAMILY OUT

MOSCOW, Ida., July 16.—(UP)—The meandering mountain of central Idaho is on the go again. The L. D. Nixon family have been advised to move from their ranch at the base of the mountain before it rolls right over them.

The advice is from Dr. Vernon Scheid, head of the University of Idaho's geology department, whose investigations found the mountain moving at the rate of a quarter of an inch an hour.

Dr. Scheid explained that the mountain moves on a lubricant of water seeping from an irrigation canal on the mountain down to the "slide plane."

Crop Situation Hits Electrical Co-Ops

Poor crop prospects this year are slowing down formation of rural electrification co-operatives.

HAPPY REUNION

Reunited after 46 years separation were Mrs. Alex Mitchell, 1822 61 street and her brother, Neil Whyte from New Zealand, when he arrived here homeward bound from a trip to Great Britain. They had not seen each other since they were children at their home in Argyle, Scotland. Mr. Whyte, now retired, operated a general store business in North Auckland for 16 years. He said July 28 for Waipu, N.Z.

IN SEATTLE

Holding in Seattle is John McGowan, head cattle salesman for the Alberta Livestock Co-operative Association. He will return to Edmonton in two weeks time.

WITH FLEET

A young Edmonton navy lieutenant on manoeuvres with the U.S. fleet, Lieut. Kenneth L. Gibbs has been chosen one of 35 officers flying as pilots and observers with the 18th carrier group of the RCN to go on a three-month tour of training with the U.S. navy.

TAINT SO

Canadian animals should be feeling a lot better from now on. They have lots of medical attention if they get sick. Dr. Thomas Childs, of Ottawa, visiting Edmonton, and veterinary director of Canada, says the wartime shortage of vets is practically overcome. His department employs 300 vets, and another 100 are to be added.

BUSY TIME

Canada's chief of general staff, Lieut. Gen. Charles Foulkes, C.B. C.B.E., D.S.O., is having a busy time these days in Edmonton overnight. He is today for Vancouver to inspect Canadian Officers' Training Corps members at Chilliwack. Then he goes to the Esquimaux naval base at Victoria for more inspection tour.

Victim's Wallet Found on Accused

Preliminary Hearing Moves Near Final Stages Here

A wallet found on the person of accused murderer Michael Joseph Hayes shaped up yesterday as vital evidence in the preliminary hearing into the axe death of 59-year-old William Wallace McKay.

The black leather billfold was taken from Hayes' left hip pocket. It contained an identification card, an unemployment insurance Commission card and a national registration card, all bearing the name of William W. McKay.

WALLET FINDING TOLD
RCMP Constable J. R. McLean told court how he found the wallet in Hayes' pocket shortly after the accused was arrested June 30 in front of his West Jasper Place shack.

Hayes was arrested about 6 p.m. June 30 and charged with McKay's murder.

The slashed and bloody body of McKay was found that afternoon beneath a pile of loose dirt in Hayes' yard.

Evidence of Albert "Buster" Robbins yesterday morning indicated that McKay had been attacked early the morning of June 30 following a drinking party in Hayes' 157 street home.

ALL-DAY DRINKING

Robbins told a crowded court room at city police station of drinking for more than a day with Hayes prior to the fatal slugging of McKay.

Robbins and Hayes had met the morning of June 28 in Macdonald beverage room. A drinking bout extended over Tuesday night and continued Wednesday.

The two men had met McKay in the Hub beverage room Wednesday evening.

AFTER MCKAY'S MONEY

Robbins swore Hayes had told him he was after the money McKay had been seen to "flash around."

When the hotel closed, the three men had gone to Hayes' home where they continued to drink. Mrs. Hayes, who had attended a show that evening, had made the last trip with the men and had taken part in the party later.

McKay was said to have been enjoying himself. He had led the group in a sing-song.

Then, Robbins testified, McKay was struck down while pouring a glass of beer for Robbins.

BROKEN BOTTLE IN HAND
The man had slumped forward, and Robbins had been Hayes standing behind him, broken beer bottle in his hand.

A few minutes later, Robbins told court, Hayes struck McKay about the head twice with a long instru-

ment which could have been a crowbar.

It is believed McKay was then buried, while still alive, behind the house.

The beaten man allegedly was observed to move in his shallow grave.

His head had been slashed with an axe.

DRINKING PROVED
In cross-examination of witness Robbins, defence counsel H. S. Bushop concentrated on the amount of beer and wine the two men had consumed before meeting up with McKay.

Crown witnesses yesterday included RCMP constables Allan Crawford, J. R. McLean and J. R. Galtbraith. Kenneth McLennan, stepson of the slain man, Dorothy and Gordon McKay, children of the victim, Mary Louise Colles, Phyllis Donald, Annie Leechman, Peter Gossif, Ernest Emil Hogue, and Mrs. Vera Leta McKay.

Mrs. McKay, who is unrelated to the dead man, told of watching Hayes digging in his back yard the morning of the killing.

SHOVEL BORROWED
Mrs. Colles reiterated Mrs. McKay's evidence, telling court she thought Hayes was "digging a hole for his butter and milk."

Mrs. Donald testified that Hayes had borrowed a shovel from her later that same day.

The shovel apparently was used by one of two men who had been paid \$10 by Hayes to dig a mass permanent grave in the front yard.

One of these men, Hogue, swore Hayes had paid D. M. Egnik and himself a \$10 bill to dig the hole.

The preliminary hearing continued this morning.

Russ Establish New Roadblocks

MICHELNDORF, Germany, July 16.—(UP)—Soviet authorities today established two new checkpoints on the superhighway between Berlin and the west to inspect the papers of allied travelers and reportedly to seize western marks being carried by Germans.

The two new roadblocks were set up last night—near the papers of allied travelers and reportedly to seize western marks being carried by Germans.

Shopbreaking Charge Laid

John Reed, 12110 Fort Road, was arrested and charged with breaking and entering and illegal possession of liquor when he was discovered at 1:15 a.m. today in premises of Bard's Coffee Shop, 12202 Fort Road.

He was found in possession of 32 packages of cigarettes valued at \$11.92.

Accused told police he had previously been on a party in coffee shop with owner Angus MacQueen.

Thief of 35 packages of American cigarettes and one pen and pencil set were reported to police by a Minnesota visitor.

Mrs. Leonard Johnson of North Concord, Minnesota, guest of local tourist camp, said she left her cabin for 20 minutes at 11 p.m. last night. On her return the cigarettes and pen set were missing.

NAVY OFFICER SWIMS RAGING RIVER THRICE

LA R R. Leir, commanding officer of HMCS Nonewch, was taking it easy today after swimming three times through swirling waters of the North Saskatchewan yesterday to salvage moveable gear from the stranded ketch Exeter.

The lieutenant, with a crew of four naval seamen, went to the help of Father J. McGrane, skipper of the Sea Cadet craft which was stranded on rocks near Horse Hill, 15 miles from Edmonton, Thursday.

McGrane and four crewmen from La R Biche had set out from Edmonton earlier this week for Prince Albert, Sask.

JOURNEY RUINED
Their river trip ruined by the shifting sands and rocks of the Saskatchewan, the party left yesterday for Lloydminster in a jeep determined to have a holiday, one way or another.

Leir told today of the efforts to remove food, clothing and gasoline from the wrecked Exeter. Swirling water running at more

than 12 miles an hour, hampered salvage attempts until the lieutenant dove into muddy water and swam to the ketch. He swam on a fast-moving river three times before everything was taken off.

Ketch was taken ashore in a small row boat.

Foresters Plan Fall Carnival
Independent Order of Foresters, Court Gateway No. 191, is planning a carnival in September.

Carnival plans and other items of business were discussed at recent meeting of the executive committee.

Chief Ranger Larry Gardner was chairman of the meeting.

New session of the order's high court will probably be held in Edmonton in the near future.

Telegram of welcome from Court Gateway was dispatched to Fellow Forester Mayor Hiram McCallum of Toronto, on occasion of his visit here.

JOHNSTONE WALKER LIMITED

Two city autoists rolled their cars into ditches last night. One has been arrested and charged with dangerous driving.

Brian McSweeney, 12139 Fort Road, was arrested for dangerous driving when his car left the road on a curve near the Municipal Airport.

IN HOSPITAL DASH
Driving a friend, Don Turvey, 10614 71 street, to hospital, McSweeney raced across railway tracks to beat oncoming train, when his car left the road and rolled over.

Neither occupant of the auto was injured.

Cris Zetner, of Stony Plain Road, was rushed to hospital when he suffered a broken arm when his car rolled over. He was later discharged.

Walter Shaw, 12208 83 street, was taken to hospital as a result of a bicycle accident.

He suffered hip injuries when he rode his bicycle into side of truck driven by William Robertson, River View apartments.

Shaw was turning a corner when the accident occurred.

Gas Tax Up To New High

Provincial government is making almost three-quarters of a million dollars a month from gasoline tax at present.

Figures issued yesterday by R. C. Arthur, deputy provincial secretary, show that during the months of April and May, gasoline tax revenue was \$1,440,000.

This is a 50-per cent increase over the same months last year when \$958,737 was the two-month total.

It is estimated revenue from the Fuel Oil Tax during 1949 may exceed the \$8,100,000 total estimated for the year.

RECEIPTS HIGH
Present receipts are high due to increased number of passenger automobiles, greater amount of U.S. tourist traffic, and good weather for holidayers.

Edmonton Has Been Fooled

It is inconceivable that any civic administration of sound judgment should permit Edmonton to be made a fool of as has been done in the case of the mythical Glenton hotel.

As far back as a month ago, The Edmonton Bulletin indicated that the long delay in starting this hotel made the whole project look like a false alarm.

This newspaper urged that the city serve notice on the promoting company that it should either produce or forget the whole business.

The reason we took this stand was that no other reputable hotel company was likely to come into the field so long as the Glenton deal was hanging fire, no matter how much Edmonton suffered and continued to suffer desperately through lack of hotel accommodations.

The soundness of this viewpoint is now confirmed by Mr. Percy Herring, local agent for the Glenton Development Co. who blandly states that the hotel will not be built at the present time and that he has recommended to his principals that the hotel not be built.

In short, the city is playing with Edmonton's serious hotel need for more than a year and keeping other hotel companies out, Mr. Herring and his principals have let the city down flat. They have let every Edmontonian down flat.

We cannot say that they did not expect something of this kind.

Mr. John C. Boright, head of the sym-

ulate, was here on February 7th and stated positively that the hotel would be started within six weeks.

But nothing happened.

On March 22nd, Mr. Boright informed The Bulletin by long distance telephone that "people who say Edmonton's \$7,500,000 hotel will not be built are crazy."

Still nothing happened.

Now, in mid-July, Mr. Percy Herring says:

"The hotel will not be built. I've recommended that it not."

This is playing fast and loose with the urgent requirements of a great city and 138,000 people.

But the amazing thing is that the city administration failed to detect the queer elements in the situation. The repeated delays were suspicious. The contradictory statements were suspicious.

The six months' option on the property, at a nominal price, struck this newspaper as strange.

But the civic block took no steps to protect the city's interests in this vital matter.

The city administration has permitted Edmonton to be made ridiculous.

By going along much too far with what turned out to be a gag, the civic administration has definitely ruined Edmonton's chances of getting an appreciable increase in hotel space this year.

This is sloppy civic government. It stops not far short of being reprehensibly stupid.

He protested volubly. But the court was adamant.

If the national dignity of the United States is being upheld by enforcing the law against diplomats and by throwing archaic "diplomatic immunity" out the window, the national dignity of Canada demands no lesser stand.

If foreign diplomats break our law, they should be punished for it.

Anything else is ridiculous.

Diplomatic Immunity in the U.S.

Diplomatic immunity, which has caused a mild furor in Canada because police officers in some Ontario towns have insisted upon prosecuting foreign embassy employees for dangerous driving, does not seem to be taken very seriously in the United States.

An assistant Mexican consul, for instance, had been caught in a traffic jam in Detroit and fined \$30 for parking violations.

Those who would understand the Christian life would consult at frequent intervals the magnificent account given in the fifth chapter of St. Luke's Gospel of the calling of Simon Peter and James and John to be the disciples of Jesus Christ.

It should be remembered that Jesus did not appear to these men as an alien stranger. They had all heard of Him and some of them may have heard Him speak or may even have witnessed His miracles.

But He came to them as they sat disconsolate over their poor catch of fish and told them to put out a little from the shore and let down their nets.

So they let them down and caught such a multitude of fish that their nets were broken.

Then, while they were marveling at the catch, He told them to follow Him because henceforth they would be fishers of men.

So "they forsook all and followed Him."

The first important thing to be noted in this account is the disappointment of

Peter and John and James over their failure to catch fish. For the call of God frequently comes to men who are despondent over their own failures and yet, even in the depth of their disappointment they become powerful figures in God's kingdom.

The second thing to be noted is the nature and function of the Christian as defined in St. Luke's story.

The Christian is to worship God, not only in his own life and in his love for his neighbors, but as a fisher of men. He has a priestly function. His life is to be evangelized. He has personal responsibility for the winning of Christ's Church.

His faith and worship are not to be static but dynamic. He is an active agent of God's love and of the Saviour of men.

The third point to be noted in this account is the revelation of God's nature.

God is not a remote Being aloof from the world and listening with indifference to the petitions of His creatures.

He, too, is a fisher of men, lovingly seeking through all time to reveal Himself to His children and to bring them within the infinite compass of His love.

ODDS AND ENDS By Harold L. Weir

Wrong Telephone Numbers A Major Urban Nuisance

I was out of town for a couple of days last week and already I have had some bitter complaints about it.

The complaints all come from those half dozen or more persons who regularly call my home telephone number in mistake for other numbers.

It seems that their charge is based on two counts.

1. Because they missed the somewhat picturesque language in which I am wont to remonstrate with them.

2. Because when there was no answer at my number there was nobody to tell them they had the wrong number, which left them very confused.

I know the latter is a bit complicated.

But this business of wrong numbers is complicated in itself. What I mean is that a person who consistently and persistently calls wrong numbers cannot be expected to take a rational view of anything.

Hence the annoyance with which these people viewed my absence from home.

Squirrel

For instance, the night I returned to my home the telephone rang at 11 p.m. and a voice I have learned to know and love inquired:

"Is Ethel there?"

As I have said perhaps 200 times, I said again:

"There is no Ethel here. You must have the wrong number. I maintain there was a long silence. Then the voice said:

"After away, haven't you?"

"Yes," I replied.

"Have a good time?"

"Look," I said with weary warmth, "suppose you concentrate on Ethel and let me go to sleep."

"Ethel who?" the voice demanded.

"The Ethel you're always calling at this number."

"I thought you said there wasn't any Ethel there."

"Then what do you know about Ethel?" the voice demanded with rising heat.

"Damn your eyes!" I shouted. "Get off the line."

He, too, is a fisher of men, lovingly seeking through all time to reveal Himself to His children and to bring them within the infinite compass of His love.

"Well, now, you know Charles' mother?"

"Sadie's mother?" my friend asked. "Is she a fisher of men?"

"Well, you know Charles' mother?"

"Sadie's mother?" my friend asked. "Is she a fisher of men?"

"Well, you know Charles' mother?"

"Sadie's mother?" my friend asked. "Is she a fisher of men?"

"Well, you know Charles' mother?"

"Sadie's mother?" my friend asked. "Is she a fisher of men?"

"Well, you know Charles' mother?"

"Sadie's mother?" my friend asked. "Is she a fisher of men?"

"Well, you know Charles' mother?"

"Sadie's mother?" my friend asked. "Is she a fisher of men?"

"Well, you know Charles' mother?"

"Sadie's mother?" my friend asked. "Is she a fisher of men?"

The Thrill That Comes Once In A Lifetime By Webster

DARLING, I THINK YOU'RE THE MOST WONDERFUL DRIVER IN THE WORLD! THE WAY YOU MADE THAT CAR BACK THERE GET OFF THE ROAD TO LET US PASS WAS DIVINE! AND I LOVE THE WAY YOU KEEP IT AT A NICE, STEADY 75 AND NEVER SLOW DOWN AT CROSSROADS. AND GOING THROUGH THAT RED LIGHT TOOK NERVE. MY, I WISH I COULD LEARN TO DRIVE THAT WAY.

Letters to the Editor

No Race Chart

Editor, Bulletin.—Am very disappointed with the coverage of the Calgary race meet. I expected a race chart but I suppose I'll have to change to the Albertan to get what I want.

I suppose there are thousands as disappointed as myself as we are not all baseball or golf fans which get plenty of room in the sport page.

A 10 YEAR SUBSCRIBER

Edmonton

Parade Was Flop

Editor, Bulletin.—Well, shades of Times Square, but what a parade that parade an unforgettable event!

As "Buck" McCallum and Co. made their way through the cheering throngs, and the ticker tape poured down, the parade did come to Edmonton.

I'm just dreaming of course because the parade that was the above statement that is true is that the goodwill tour to the United States.

It is true that some of the on-lookers clapped their hands and cheered, but the parade was a flop.

The whole thing was a glorious flop.

Boom town—shameless town.

Edmonton.

Timely Warning

Editor, Bulletin.—Congratulations to John McLean and his over-enthusiastic imagination for his sales-promotion-minded article entitled "Fear Grips Residents as Crime Wave Hits Hamilton."

Anyone contemplating moving to West Jasper Place will be ever grateful for the timely warning therein contained. Property owners will appreciate the effect of this move across the boundary and the prestige of their holdings.

There is one item which seems to me to be a bit out of place referring to the fact that a young girl has no business out alone at night.

This little war hasn't got very hot—yet. The front is only about 25 miles long. Neither side has thrown its real army into the fight.

There is a United Nations Commission in southern Korea which has reported that the Communists have more than 200,000 men in the field.

It has tried recently to get into Russia a Russian-dominated northern Korea, but the Communists have withdrawn Soviet troops last winter.

The request was acutely rejected by the northern Koreans.

American combat troops left southern Korea July 1. A military advisory commission of six men was sent to the north.

The little war has been going on for some time. There have been no reports that the Koreans are any more worked up about it than usual.

It may have helped to speed up, however, consideration by the United States Congress of a measure which would give Southern Korea about \$150,000,000 in American aid.

Meanwhile, Dr. Syngman Rhee, head of the South Korean government, has asked United Nations permission to quadruple his armed forces to 200,000 men.

Yesterday his assembly in Seoul passed a resolution to send 100,000 men to the front.

With thousands of people lining Jasper Avenue to witness the parade, the Nationalist government has announced a three-day ultimatum to the Communists.

Trans-Atlantic airplane flight ended when the French plane landed in southern France and the Polish plane crashed in the North Sea.

Terms of the International Agreement for controlling the White Slave traffic have been announced.

Louis Berlioz, the French composer, is planning to fly over France on a historic flight. The Daily Mail is publishing a prize for the thousand pounds which is his if he makes the trip.

1919-30 Years Ago

Liberal secured 26 seats and Conservative four in the general elections in Prince Edward Island.

Should Be Sent Back

Editor, Bulletin.—What can our immigration authorities be up to when they allow milk and water trays such as "Once bitten, twice shy" (letter box July 9) to come to our country?

Was it not explained to him that this is a man's country and that female impersonating types would not be tolerated? No security? What does he want—land on it?

Send him back to his old country. If he hasn't the fare perhaps we could take up a collection to get rid of him. I'm sure the boys here at the hospital would contribute.

DISABLED VETERAN.

Charles Cammell 111-11-11

Pepper Defense

Editor, Bulletin.—May I suggest a little help for Jasper Place Women who are forced to be out in the street? They have to work with their hands.

Carry a small pepper pot with good sized holes like a salt shaker always "at the ready" so to speak. The strongest available.

Pepper suddenly shaken in any one's face is a most effective weapon.

Pepper is a dangerous person up and even if attacked from behind reach the pepper pot.

Lived once in a city where girls used this means of saving themselves trouble and it worked well.

ADINE MUNROW.

One Man's Viewpoint

By Stan Ross

In recent news accounts of the West Jasper Place situation carried in this paper, two points stood out: that a shortage of funds was causing difficulties, and that the City of Edmonton might take over the district.

It would seem from some of the statements made that these two points underlie much of that community's difficulty.

So long as there is any idea that Edmonton will take over the district and play Santa Claus by providing all the things the district is going to be difficult to produce any concerted action by the residents to secure those things for themselves.

Instead there is a tendency to sit back and wait for Edmonton to act.

But what reason is there for expecting Edmonton to act? None whatever!

Not All So Easy

If the city took over this area it would mean a large expenditure of funds running into the millions at a time when the city is already faced with difficulties in financing some of its badly needed improvements.

What reason is there to expect the council would want to shelve street and utility projects in order to present a new community with city services?

On the other hand there could be no expectation by Edmonton that it would make a profit on the deal. It would simply provide more work for city departments which are already unable to keep up with demands.

But the most obvious answer is that the city could never take on a new addition and provide any services when the city already includes a number of large districts which have been trying to

secure those very services for themselves for years, without success.

That is why it is so ridiculous to keep hoping that Edmonton might take over the district.

If it ever did there would be a terrific outcry from thousands of residents who already live in the city.

Consequently it would seem much more advisable to recognize the realities of the situation and plan accordingly.

In forming a separate town unit there would be difficulties. Yet every other town and village has faced those same difficulties and the people of Jasper Place could certainly solve their problems as well as any other group.

There would be expense. Yet when you come down to it, every community pays for what it gets. Merely by joining a city will not produce more than is paid for.

There is no need of it being a losing proposition. Other communities with fewer people, less possibilities, and equal difficulties have managed to secure utilities and fire protection and a sound organization without any great loss.

There is no reason why West Jasper Place cannot do the same.

For one thing, if the community were organized as a municipal unit, it would be in a position to secure good paying business.

It could protect its residents against outside competition.

It could encourage the development of its own business and residential areas which would mean that tax revenues would increase very materially.

There is no city in Canada of any size that has not seen a successful suburb competing successfully with it. In many cases, a few years ago, those same suburbs are providing equal services at lower costs to local taxpayers. You find that at Vancouver, Winnipeg, Toronto and Montreal.

That is needed is the realization that when the provincial government urged the formation of a separate unit, it gave good advice. All that is required is a bit of practical thinking to make it clear that the sooner the district gets busy about it, the better off it is going to be.

Elmore Philpott

Absurd Comedies Of Red Tape That Restrict Travel

PHILPOTT

TORONTO.—Since arriving here in Canada, several people have asked: "Did you get past the Iron Curtain in Europe?"

I tell them that we were so busy punching holes in the paper curtains that we never got closer than the curtains to the real barrier named by the late evil genius—Goebbels—in words made famous years later by the great Churchill.

No Canadian can feel proud and many Canadians must feel ashamed of the ridiculous and time restrictions which clutter the world and separate people from their neighbors.

For Canadians require visas for every country in Western Europe except Switzerland.

U.S. citizens and Swedes can enter practically any country in Europe without visas.

It is certainly true the MPA at Ottawa asked our government "how come?" For these other countries say they are just waiting for Canada to offer them reciprocity in wiping out these ridiculous barriers.

Transit Visas

The supreme irony is that while Canadians living in Canada may cross into the United States hundreds of times without formalities of any kind, Canadians may not return to Canada via the United States without a visa and without a certificate of vaccination.

True, the U.S. authorities do grant Canadian transit visas free of charge, but it is necessary to stand at least an hour or more at a U.S. consulate to get the O visa.

And you must have been vaccinated within three years or you can't go back home via a U.S. port.

Yet scores of Canadians can and do cross from Canada into the U.S. without any such requirement.

Here is really one for the book. I have heard it many times when I first heard it. But when I checked I found it absolutely true.

No citizen may legally leave the United States by airplane without having been vaccinated in advance.

This is the general background to that warm little war at Onondaga.

Two Negro girls turned up at the Queen Mary dock in New York not long ago.

They had had some tickets to some other ship, but they had been misled by some teachers, including Southerners.

Of course, it was a mistake, but the people in charge of the line were not to be blamed.

They arranged for a separate cabin for the two girls and called it "Relax"—everything is "Relax" these days.

Two days later, London phoned back: "Relax"—everything is "Relax" these days.

Two days later, London phoned back: "Relax"—everything is "Relax" these days.

Trivia

Production in United Kingdom industry and agriculture is now 25 per cent above the pre-war level according to the figures recently published. This remarkable rise in output is due not to longer working hours but to the fact that the week is indeed some one and one-half hours shorter than in 1929—but this sharp decline in unemployment and above all to increased productivity.

DESPERATE FIGHT against thirst and desert is story of "Three Godfathers," new adventure drama starting Monday at Empress Theatre. Harry Carey Jr., John Wayne and Pedro Armendariz give notable performances. Technicolor drama was filmed in Death Valley, California.

Death Valley Is Western's Scene

John Wayne Stars In Thrill-Packed Movie

Death Valley, California, forms spectacular background for MGM's thrill-packed technicolor outdoor drama, "Three Godfathers," starting Monday at the Empress Theatre.

Based on Peter E. Kyne's memorable tale of three western badmen who make a desperate attempt to escape over the desert, the story stars John Wayne, Pedro Armendariz and Harry Carey.

Wayne is the amiable two-fisted leader of the desperados. Armendariz is the sentimental Mexican. Carey the youthful member of the trio, who is wounded after their attempt to hold up a bank. Together they match wits against the pursuing posse led by Sheriff Ward Bond.

COMPLICATIONS SET IN

Complications arise when they come upon a dying mother and are persuaded to adopt her infant child.

a situation which gives way to both tender and humorous moments. In the end Wayne is the lone survivor and although he is apprehended, a twist of the tale turns him from villain into hero.

Wayne, who has become a model for the screen's prototype of virile western heroes, is in top form in his latest portrayal. Armendariz, as his co-villain, contributes to comedy overtones.

With fighting storms, a harrowing chase and the ominous shadow of pursuers over pursued, the Argosy production packs a dramatic wallop in every reel.

Inside Hollywood

By Bob Thomas
HOLLYWOOD—(AP)—At one time or another you have seen leg pictures of most movie stars. But not Shirley Temple.

"I don't like cheesecake pictures and I don't think they are necessary," she explains. She sniffed at the idea she might not have a photogenic figure.

"Besides my personal dislike for it (leg art), it's against the policy of my boss, David Selznick," she added. "You don't see any of his stars—Ingrid Bergman, Joan Fontaine, Jennifer Jones, Dorothy McGuire—posing for sexy pictures."

"If I had my choice between having sex appeal and being an actress, I'd rather be an actress."

MOVIE MUSICALS

Betty Hutton has already routinized all the numbers for "Annie Get Your Gun," so that should end the rumors that Judy Garland might get the role back. Betty says she's practically doing two pictures at once—"Annie" and "Let's Dance."

Anne Jeffreys is a sensation in "Kiss Me, Kate," which opened its road company at the Los Angeles civic light opera. The Bright, Cole Porter hit goes to San Francisco and then for a year in Chicago, but the studios should be tiring Miss Jeffreys back before long. She's a brilliant soprano and comedienne.

Dan Dailey and his wife, David Niven, Boris Karloff, Gloria Swanson, Vera Ellen and other Hollywood first-liners were on hand to greet Porter at a town house reception following the "Kate" opening.

ARMED PATROL CAPS ROAD EXPROPRIATION

STRETCHING THE POINT

AKRON, O., July 16.—(UP)—Approximately 2,000 tons of rubber will be consumed in 1949 in the production of an estimated 25,000,000 rubber bands, the B. F. Goodrich Company reports. Approximately 85 per cent of the elastic circles will be gray, while the remainder will be red, yellow, green and blue.

Manufacture of matches is a \$25,000,000 business annually, with the average person using 14 a day, the company said.

EMERSON, Man., July 16.—(CP)—George Elvik of Sirkko, Man., yesterday appeared in court after he refused to give up land expropriated by the government for a road.

He is charged with carrying a weapon for a purpose dangerous to the public, forcibly retaining land and assault.

W. J. Johnson, crown counsel, told the court Elvik refused to recognize the expropriation order, put up a fence at each end of the property and patrolled it with a club and stick.

Elvik will face trial here July 21.

DUCK THIEF TAKES TIME

SALEM, Ore., July 16.—(UP)—A leisurely thief stole some ducks, took time to eat them off for a nefarious feast, Mrs. A. J. Fleming informed the sheriff's office that a pile of feathers and innards behind her house were all that remained of her three plump ducks.

Italy Reds Fete Leader's Recovery

ROME, July 16.—(Reuters)—Two million Communists all over Italy will celebrate Sunday "Communist Party Day" in thanksgiving for the recovery of their leader Palmiro Togliatti, who was shot and wounded on the steps of parliament one year ago. Mass demonstrations will be held in the main towns.

HEADS FOR ALBERTA

U.K. Vicar Offered Job on Long Tour

BEAMSVILLE, Ont., July 16.—(CP)—A 63-year-old English vicar who today started a tour of Canada and the United States from Quebec City, will find work if he visits Beamsville.

Miss Millicent Field-Marshall, an old friend of the family of Rev. Arid Harkness of Cullinham, Kent, said today he would be welcome at his farm near his Niagara district town.

Two Albertans Win RCAF Wings

LONDON, Ont., July 16.—(CP)—Air Commodore, D. E. Mackell, deputy air member for personnel at RCAF headquarters in Ottawa, yesterday pinned wings on eight flight cadets who graduated as

The vicar confided to reporters he wanted to pick up some pin money on his tour because of the limit on the amount he could take from England. Miss Field-Marshall said the vicar, once an Anglican clergyman at Wetzelsheim, Alta., could earn 36 to 60 cents an hour in her orchard picking peaches and pears.

Rev. Harkness plans visiting Edmonton later.

The wing more than 26,000-000 eggs during its spawning period.

BIG HAIL KILLS FOWL

CHARLESTON, W. Va., July 16.—(UP)—At least one story about "hail big enough to kill turkeys" apparently is true, according to a report from the state conservation commission. The bird was struck down after a heavy storm in the Allegheny Mountains.

Ticket Scarcity Draws Investigation

NEW YORK, July 16.—(AP)—So many people can't get tickets for the Irving Berlin-Robert E. Sherwood musical show "Mas Libero" that the show is being investigated. City investigation commissioner John M. Murrigh subpoenaed the box office treasurer to a hearing Monday. Murrigh said he wanted the ticket distribution system explained.

TORY, GRIT BATTLE FOR LABRADOR SEAT

ST. JOHN'S, Nfld., July 16.—(UP)—It will be a straight two-way fight for the Labrador seat in the Newfoundland legislature July 25.

Harold Harwood, Liberal, and Progressive Conservative Sam Grant were the only candidates to file papers yesterday, nomination day.

Although the Newfoundland provincial election was held May 27, heavy ice along the Labrador coast forced postponement of balloting there until this month.

The result in Labrador will have little effect on the seating of the legislature where the Liberals hold 21 seats, the Progressive Conservatives, five and there is one Independent.

THIS JUROR REALLY HAD NO PREJUDICE

WASHINGTON, July 16.—(UP)—While the defense attorney was making opening remarks at a murder trial, Juror Edwin F. Fallon interrupted to ask:

"Who the hell is Pinkney?" Pinkney, it developed, was the victim of the slaying.

The judge removed Fallon from the panel and asked him why he had upset the decorum of the courtroom.

"Your honor," he explained, "I was just so wrapped up in the case I couldn't tell who this fellow Pinkney was."

Prolific Parkers Put Everything Into Act

Madcap, knockabout comedy, tions of the 71st annual summer fair, juggling and brilliant unicycling all sponsored by the Edmonton Exhibition Association. The Parkers, with a rare show of zest, run the gamut from knock-

down-and-drag-down comedy to The couple effect, high as it is brilliant artistry on one-wheel cycles in their medley of acrobatics, juggling and cycling. On the serious side, the Parkers hit their high figuratively and literally while wheeling king-sized unicycles. Peddling ardently from their lofty, precarious perches, they point up their brilliant cycling by unreeing all manner of intricate cycling movements and by parading these by juggling a wide assortment of objects.

Rail Talks Still Go On

MONTREAL, July 16.—(CP)—Spokesmen for the Canadian Brotherhood of Railway Employees, two major railroads to discuss

EDMONTON BULLETIN, Saturday, July 16, 1949 7 preliminary meeting with the railroads. Wednesday. The inter-railroad scheduled for next week. "You, down there" shouted Father from the head of the stairs. "It's after midnight. Do you think you can stay all night?" "Gosh, thanks," answered the Sophomore. "I'll have to phone home first and ask."

Cowboys Square Off Final Round

Stampede Shatters Five-Day Attendance Mark by 29,145

CALGARY, July 16.—(CP)—The world's top cowboys squared off against each other today in their final bid for championship laurels at the Calgary Stampede—the largest stampede in the history of the city.

An all-time attendance record for Canada's biggest and most colorful rodeo was set yesterday as thousands of children swarmed over the grounds to see the turkeys clicking in the 78,612 mark.

The figure represented an increase of 186 over the previous high set on the same day last year. It also boosted this year's total attendance for the first five days of the six-day show to 337,114, an increase of 29,145 over the same number of days in 1948.

United States cowboys maintained their domination of all major cowboy events except the dangerous steer roping event, where daredevil Canadian ropers were making a runaway of the title race.

RECORD EQUALLED

Hatsie Standish, of Skiff, Alta., added his name to the list of rodeo luminaries yesterday when he caused the crowd to erupt in a roar by roping a range Longhorn steer in the record-equaling time of three seconds flat. His feat duplicated that made only last Thursday by Everett Vold, Ponoka, Alta., cowboy, who became the first cowboy to break the nine-year-old mark of 3 1/2 seconds.

In other events, U.S. cowboys held a strange record. However, aside from rancher F. C. Siver of Tulsa, N.M., few of the headliners of recent years remained in the title chase.

Already knocked out of competition at the Rodeo, Linderman, North American all-around cowboy champion for the last five years and Gene Ramey, 1948 world all-around cowboy.

Competition of ropers in the North American saddle bronc riding competition yesterday left Colton Roder of Long Beach, Calif., tied with Casey Tjoms, Fort Pierre, S.D., for top money in the second go-round. Linderman was forced to settle for third money.

Bill McLean of Kibler, Alta., took an early lead in the third go-round of the event. The competition will end later today.

Jim Snelve of Pawhusk, Okla., with a two-second time of 21 1/2 seconds, remained at the head of the calf ropers, hand pressed by Stover, who topped yesterday's ropers with a time of 17 1/2 seconds.

Seven Killed In U.K. Bomber Crash
LONDON, July 16.—(Reuters)—An RAF Lincoln bomber crashed in flames yesterday, a quarter of a mile from a bomb dump at Skelthorpe, a village near Lincoln, killing the crew of seven.

period was a far cry from the rate since then.

Except for the 1945 figures of 1.5, the death rate has been below one since 1927.

In the last peak year of 1947, the death rate stood at 1.84; they were 73 (subject to revision).

Polio strikes mainly at the 5-14 age group, the authorities pointed out. They issued the usual precautions:

1. Flies carry the virus. "We know at least that much about its transmission. So fight flies."
2. Keep away from known cases. Some records during an outbreak.
3. An active child is most susceptible. Avoid physical fatigue, swimming.
4. Avoid polluted water and don't stay too long in cold water.
5. Slushes, flu, summer cold.

Figures showed the highest were recorded in some of the worst areas of polio. The death rate was being halved since 1947.

The highest death rate yesterday was 12.9 for each 100,000 Canadians, and the lowest rate during 1947 was 1.5.

Gimli Camp Focusses On New RCAF Role

By Jack Aveson

GIMLI, Man., July 16.—The RCAF is preparing for a new post-war role in the eyes of the average Canadian.

"This was indicated here today at conclusion of a two-week training period by reserve squadrons from Vancouver, Edmonton, Saskatoon and Winnipeg."

Members of the reserve spent the two weeks in perfecting their knowledge of latest operational tactics, using Vampire jet planes, Mitchells and Harvards in the process.

MERCY MISSIONS
Since conclusion of the Second World War the RCAF, frequently has been in the news for its mercy mission exploits, in the majority of cases flying injured persons from northern outposts to medical centres. The record has brought commendation from high sources.

The reserve camp now concluding, however, has focussed attention on another aspect, the Air Force's role as defender of peace. It is Friday, with 55 aircraft and personnel from all parts of western Canada participating, the air force put on a mock war show.

Some of the aircraft were designated as defenders of the airport near this inter-lake town 80 miles north of Winnipeg, others were assigned as attackers. The exercises, described as the largest tactical training manoeuvre of its type held in Canada since end of the Second World War, drew praise from high-ranking officials present.

The show was but a preview, however, of a larger operation to be held early in August in northern British Columbia. Dubbed "Operation Eagle," the manoeuvres will include army as well as air force personnel and will be extended over four days, with actual battle conditions being simulated during the exercise.

The reserve training camp, plus the approaching "Operation Eagle," are proof that the basic purpose of the air force is not being forgotten behind more civilian-type tasks such as mercy operations.

Polio Epidemic Unlikely This Year Say Experts

By Robert J. McCreave

OTTAWA, July 16.—(BUP)—Federal health authorities said today they did not believe there was a polio epidemic ahead for Canada this year, but admitted the incidence of polio had climbed recently.

They were critical of reports made by the Canadian Foundation for Polio, which said that Canada might have the worst outbreak in 30 years.

Up to July 2, government figures showed 58 cases for all Canada compared with 123 for last year.

Sask. Man Takes Award

CALGARY, July 16.—(CP)—Douglas Charles of Pelly, Yukon, captured both the top 200 and 500 horse team events at the Calgary Stampede yesterday. Charles' fine entry of Cossackites also won awarded the Will Noodle memorial shield for the best six-team C3 team.

Second place in both events went to Percheron teams entered by a Calgary milk company.

Civil Service Official Criticizes Some Vets

MONTREAL, July 16.—(CP)—A E. Johnson, Dominion president of the Civil Service War Veterans' Association, said here yesterday that just being a veteran is not enough to get into Canada's public service—the veterans must be "good."

There will be "too many who feel that being a war veteran is sufficient for all things," he told the Association's annual meeting.

VARSITY GRAD TO KENTUCKY

Graduate of the University of Alberta, Robert J. Buck, 1956-57, has been awarded a post at the University of Kentucky.

The 23-year-old Edmontonian graduated from U of A this spring in honors classics and archeology.

He will take the post of graduate assistant with the Kentucky university's department of classics this winter.

Son of Mrs. Buck and the late F. J. Buck, he served in the RCAF and Canadian army during the war.

Mr. Buck studied at Westminster and Westleigh schools in Edmonton.

282 Million Bushels Wheat Sold By Board

Winnipeg, July 16.—(CP)—The Canadian wheat board said yesterday it has disposed of approximately the quantity of western Canada wheat producers have delivered to country elevators. Such deliveries have amounted to 282,000,000 bushels.

The board said it has been shipping wheat steadily since Aug. 1, 1948 under the Canada-United Kingdom wheat agreement and has made substantial export sales to other countries. The extent to which further export sales will be made between now and harvest of the new crop "will depend largely upon producers' marketings during the next few weeks."

KIND CUT CURDLES

TOWA CITY, Ia., July 16.—(UP)—The families living in the University of Iowa's Hawkeye Village trailer camp were grateful when workmen mowed down weeds along the adjoining Iowa river bank.

But they said they would have been more grateful if the workmen hadn't mowed down their garden patches along with the weeds.

Russian Education Minister Replaced

MOSCOW, July 16.—(Reuters)—The President of the Russian Socialist Federative Soviet Republic has replaced Alexander Voznesensky from his duties as minister of education and has appointed Ivan Nalukin in his place. Tass announced today.

His first decision that made only last Thursday by Everett Vold, Ponoka, Alta., cowboy, who became the first cowboy to break the nine-year-old mark of 3 1/2 seconds.

In other events, U.S. cowboys held a strange record. However, aside from rancher F. C. Siver of Tulsa, N.M., few of the headliners of recent years remained in the title chase.

Already knocked out of competition at the Rodeo, Linderman, North American all-around cowboy champion for the last five years and Gene Ramey, 1948 world all-around cowboy.

Competition of ropers in the North American saddle bronc riding competition yesterday left Colton Roder of Long Beach, Calif., tied with Casey Tjoms, Fort Pierre, S.D., for top money in the second go-round. Linderman was forced to settle for third money.

Bill McLean of Kibler, Alta., took an early lead in the third go-round of the event. The competition will end later today.

Jim Snelve of Pawhusk, Okla., with a two-second time of 21 1/2 seconds, remained at the head of the calf ropers, hand pressed by Stover, who topped yesterday's ropers with a time of 17 1/2 seconds.

Seven Killed In U.K. Bomber Crash
LONDON, July 16.—(Reuters)—An RAF Lincoln bomber crashed in flames yesterday, a quarter of a mile from a bomb dump at Skelthorpe, a village near Lincoln, killing the crew of seven.

period was a far cry from the rate since then.

Except for the 1945 figures of 1.5, the death rate has been below one since 1927.

In the last peak year of 1947, the death rate stood at 1.84; they were 73 (subject to revision).

Polio strikes mainly at the 5-14 age group, the authorities pointed out. They issued the usual precautions:

1. Flies carry the virus. "We know at least that much about its transmission. So fight flies."
2. Keep away from known cases. Some records during an outbreak.
3. An active child is most susceptible. Avoid physical fatigue, swimming.
4. Avoid polluted water and don't stay too long in cold water.
5. Slushes, flu, summer cold.

Figures showed the highest were recorded in some of the worst areas of polio. The death rate was being halved since 1947.

EDMONTON BULLETIN, Saturday, July 16, 1949

New U.S. Drive Caps Record Canada Trade

OTTAWA, July 16.—(CP)—In the wake of its biggest peace time trading year, Canada is away on a campaign to sell more goods to the United States.

A sales-promotion staff is being sent to major U.S. cities to help bring Canadian products before American buyers.

A trade department spokesman told of the move yesterday—the day after Sir Stafford Cripps announced in London, that British imports from dollar areas—including Canada—will be cut 25 per cent this year. Earlier this week, Trade Minister Howe said the adverse balance of trade with the United States is the only "disturbing aspect" of Canadian trade.

DBS TRADE SURVEY
A Dominion Bureau of Statistics trade survey yesterday showed 1948 was the biggest peace time trading year in the Dominion's history.

In 1938 Canada exported goods worth \$848,000,000 and imported \$678,000,000. In 1948 exports rose to \$1,464,000,000 and imports to \$1,223,000,000 in terms of 1938 prices—an increase of 73 per cent in volume of exports and an increase of 81 per cent in the volume of imports.

But the war-injured rise in prices meant that value of imports and exports increased a lot more quickly than the actual volume of goods. So in terms of 1948 prices, 1948 exports were worth \$1,116,000,000—an increase of 367 per cent over 1938—and imports were worth \$2,627,000,000—an increase of 290 per cent over 1938.

Last year also saw an "unprecedented increase" in trade with the U.S.—48.9 per cent of all Canadian exports went there and 68.3 per cent of all Canadian imports came from there.

Those figures, however, leave the Dominion with a deficit on trade with the U.S. and the sales campaign is designed to overcome it.

Trade department staff officers will be attached to Canadian consular offices in Boston and Detroit and other trade experts will be sent to other cities where persons will try to sell purchases in the U.S. by re-imposing import controls that have gradually been relaxed in the last 10 months. Controls went on in November, 1947 when Canadian reserves of gold and U.S. dollars sank to less than \$300,000,000.

Chattanooga Choo-Choo A Bit Late

SAN JUAN, Puerto Rico, July 16 (UPI)—A letter posted in Chattanooga, Tenn., 32 years ago finally arrived here.

Mailed at 1 p.m. Dec. 27, 1917, by Harry F. Flachs of Chattanooga, the letter was addressed to "Miss Beatrice De B. Collette, in care of Anna Pavlova Company, Teatro Municipal, San Juan, P.R."

The envelope was stamped "misent to Los Angeles, Calif." and has the added postmark June 17, 1949, 6 p.m. from the terminal annex of Los Angeles post office.

Older inhabitants of San Juan recall the visit of the Pavlova company, but no one remembers Collette.

If local authorities fail to find her, the letter will be returned to Flachs, if he is still in Chattanooga.

Youth Drowns In Bow River

CALGARY, July 16 (UPI)—Louie Jakab, 19, of Calgary, drowned Thursday while swimming in the Bow River.

An employee of a gravel company, Jakab was working beside the river treading and screening gravel from the river bed. Fellow employees said the youth decided to go for a swim to "cool off." He disappeared after swimming for several minutes.

His body was recovered about half an hour later.

The 1951 World Petroleum Congress will be held in Holland.

TRANSCONTINENTAL HIKER BACK HOME

VANCOUVER, July 16 (UPI)—A 2,000-mile walk to Halifax, counting 11 pairs of shoes and a grand total of \$3.95 is the claim of Vancouver hitch-hiker Earl T. V. Mitchell.

The 28-year-old "wanderer" arrived back here with Dailey Bros. Circus in a new capacity. Mitchell is now a full-fledged "dog boy."

When he left Vancouver last October, he announced he would hike to the Atlantic coast. "I was dog tired when I got there," he said. "But I made it and I never accepted one lift."

During his 127-day walk, Mitchell was "sponsored" by leading department stores, who supplied

him with boots, skis and snowshoes for the trek.

Mitchell surrendered his pedestrian pastime in Maine when he found that regulations prevented him from carrying enough money.

He parked his bags for Winnipeg and picked up with the circus there two weeks ago.

"I want to learn as much about this business as I can," he said. "Then I'm going back to Whitehorse and work on pack horse teams and dog trains."

The tower of Babel, one of the seven wonders of the ancient world, has completely disappeared.

Eire Mourns First President

DUBLIN, July 16 (Reuters)—President Sean O'Kelly, Prime Minister John Costello and members of the Dail, the Senate, judiciary and diplomatic corps Thursday attended the funeral of Dr. Douglas Hyde.

Fighter Dies

TROY, N.J., July 16 (AP)—Frankie Laureate, welterweight and middleweight fighter of the early 1920s, died Thursday in Samaritan hospital at the age of 48. He suffered a heart attack. He was born Frank Cupolo but adopted the name Laureate for the ring.

MYSTERY IS SOLVED

TORONTO—The mystery of the disappearance of a young woman who was accidentally killed in a fall from the roof of the Raymond Hotel, was solved today by the police. The woman, who was identified as Mary M. Cullen, was found in a rooming house in the city. The police had been searching for her for several days.

San Francisco Bans Flagstad

SAN FRANCISCO, July 16.—(AP)—Trustees of the San Francisco War Memorial Opera House late yesterday banned the scheduled autumn appearance of Wagnerian soprano Kirsten Flagstad. The trustees said the action was taken "because of the controversial character of her public appearances elsewhere in the United States."

Pioneer Calgary Resident Dies

CALGARY, July 16.—(AP)—Mrs. M. J. Macdonald, a pioneer resident of Calgary, died today at her home. She was 85 years old. She was born in Scotland and came to Canada in 1880. She was a member of the Presbyterian Church and was active in church work.

New Air Pact

OTTAWA, July 16.—(AP)—Transport Minister Chevrier will leave for London Sunday to negotiate a new air pact with the British government. The pact is expected to provide for the exchange of aircraft and the establishment of a new air route between the two countries.

Inquest Not Stated In Raymond Death

RAYMOND, Alta., July 16.—(CP)—There will be no inquest into the death of Mary M. Cullen, who was accidentally killed in a fall from the roof of the Raymond Hotel.

EDMONTON, July 16, 1950 11
worker who was accidentally killed in investigation. The funeral was held this week at the factory in a fall of today from the Catholic church with Frank Smith. This was the ruling of the inquest in the Raymond case.

COMPLETE FACE-LIFTING has been undergone by Manufacturers' Building at Edmonton's Exhibition Grounds in preparation for 71st annual summer fair which promises to be best ever. Hundreds of exhibitors have been entered for display at Manufacturers' Building this year. Hanging from light foods to heavy home furnishings, displays will run gamut of variety with enough to please young and old alike.

—Photo by H. Bland

Ladder Show Is UN in Miniature

Top Balancing Company Has Mixed Races, Multilingualists

Tony Ridola and Co., comedy ladder-balancing act, which will be a major attraction in the grandstand show at the 71st annual summer fair, is virtually a United Nations in miniature.

Top man, Tony Ridola, who is rated as the world's foremost comedy working ladder-balancing, is a Belgian. The "A" Co. are Enrico Pichladine, a Mexican, and Mario Parmegiani, an Italian.

They were born in the same town, but in different parts of the world. They were born in the same town, but in different parts of the world. They were born in the same town, but in different parts of the world.

They were born in the same town, but in different parts of the world. They were born in the same town, but in different parts of the world. They were born in the same town, but in different parts of the world.

They were born in the same town, but in different parts of the world. They were born in the same town, but in different parts of the world. They were born in the same town, but in different parts of the world.

the war years he was stranded in Mexico, which accounted for his many theatre appearances in that country.

He was in the U.S. once before. That was when he was a free year. He was in the U.S. once before. That was when he was a free year.

By unremitting effort and constant rehearsal he evolved a feat which has gone without any duplication. This is a somersault made in a chair, from high rocking back down to the ground.

Once he mastered the feat, he worked out accompanying pantomime effects to make it not only a breathtaking but show stopper.

STAY A LONG TIME

STAY A LONG TIME

part of the act is devoted to ladder-balancing.

The remainder is given over to a performance of the act is devoted to ladder-balancing.

Turbot fish lay more than 9,000-100 eggs during a single spawning period.

Animal Circus Show in Show

Happy Harrison's Circus, a merry melange of animal capers, is one of the highlights of the grandstand show at the 71st annual summer fair.

The unique circus, which is known from coast to coast as a delightful entertainment, is really a complete show in itself where animal performers dogs, ponies and monkeys are expertly trained and take great delight in showing off before their audiences.

Dogs that do perilous leaps from the high perch, ride cantering ponies, frolic upon feet spanning table tops, and engage in other diverting and rib-tickling didoes feature part of the circus.

The dog leap from the high perch is one of the wonders of the animal training world.

Cold tea is said to be a much more effective dressing for serious burns than any kind of oil.

Top Talent Set For Exhibition

Corps of Workers Busy Assuring Patron Comfort

Groups of more than 400 workers have been assigned by the Edmonton Exhibition Association to provide pleasure and comfort for patrons of the 71st annual summer fair which opens Monday.

Final plans are completed by the association's executive officers to stage what they are confident will be the best show yet in the city.

Record livestock entries have been received. The best grandstand entertainment on the North American continent has been engaged and the world's largest mid-summer fair is being staged to provide thrills galore for the thousands expected during the week.

PLENTY OF HORSES

Some of the finest hand-picked horses in western Canada will be on view during the six days of racing. More than 250 horses will be stabled at the grounds and that number of horses will be there to fill the seven races daily listed on the card.

Already livestock from northern Alberta forms a procession at the grounds and will be on view during the six days of racing. More than 250 horses will be stabled at the grounds and that number of horses will be there to fill the seven races daily listed on the card.

Geary to Protest Hanson's TKO

By Dick Reddick

Dane J. Geary, 24, of the Chicago Cubs, is expected to protest the decision of the National Amateur Athletic Union (NAAU) to award the 1954 world amateur championship to the American team, led by Hank Aaron, over the Canadian team, led by Don Gray.

The 45-minute protest, which took place in the clubhouse of the Chicago Cubs, was led by manager Les Edwards. Edwards did not retaliate, McGraw charged between the two, then Geary protested.

It was a stunning blow for Geary. And it was a knockout drop in the "O'Connell game" for the Cubs.

Eckville Atop Central Ball Loop

The 45-minute protest, which took place in the clubhouse of the Chicago Cubs, was led by manager Les Edwards. Edwards did not retaliate, McGraw charged between the two, then Geary protested.

A's, Tigers Turn Hose On Indian, Sox Fires

The American League (AL) and National League (NL) teams turned out to be a disappointment for the fans of the Detroit Tigers and Boston Red Sox. The Tigers, who were expected to win the AL pennant, were defeated by the New York Yankees in the final game of the season.

Mellbye Going Home After 1 More Chore

Clarence Mellbye, soft-spoken right-hander of Eskimos' second staff, is returning home to Oregon at the conclusion of the week-end series between Eskimos and Calgary Buffaloes.

Mellbye's yen to get back to McMinnville is prompted by the recent illness of his wife. He feels that it will be best for all concerned if—as he puts it—"I can get my wife back home right away."

Earlier yesterday the left-handed pitcher had been in the lineup for the first time in the first inning and just never let up.

Over the first six innings while the regular game, he took his turn in the pregame hitting and warm-ups and his wrist action with the bat gave rise to the thought that he might have some power.

Ted Tappe doubled off the right field fence to score Mellbye with a two-run homer in the third inning.

He was a stunning blow for Geary. And it was a knockout drop in the "O'Connell game" for the Cubs.

Eckville Atop Central Ball Loop

GETTING READY FOR CAMROSE FAIR

Grounds will be ready for the Camrose fair grounds when they throw the gates for the big show Aug. 2 to 4. New barns have been added and workmen are busy on the grandstand, 1,500 seating capacity, pictured above, which will replace the old bleachers for the platform show and racing.

TWO OF THE BUSIEST — Mr. E. W. Schnell, president of the Camrose Agricultural Society, and Mr. J. W. Schnell, secretary of the same, are pictured here. They are busy on the grandstand, 1,500 seating capacity, which will replace the old bleachers for the platform show and racing.

Saskatchewan Gets \$38,200 Health Aid

OTTAWA, July 16 — CP — The federal government has approved a grant of \$38,200 to the province of Saskatchewan for health services.

Apparently assumed from a train, Mrs. Carl Haglin, 32, wife of the dead man, and her son, Martin, 10, were found in a car on a lonely road July 15.

Health minister, Mr. Martin, said the grant would be used to provide for health services in the province.

Here Comes Bride And at What Cost

By Ken Liddell
Provincial News Editor

CAMROSE, July 16 — A policeman's lot is not a happy one and marriage is not a happy one either.

But the fellow who attended the wedding in the past, made a mistake, probably having the man and the woman in the wedding as all of the other wedding people of Camrose know.

The story was told by Rev. Thomas Phillips, early Methodist church minister in the Camrose area, in an article in a booklet prepared by the Camrose Historical Society.

Mr. Phillips was not complaining about his lot, but merely making a comment about the traditions of the past.

And as the minister left, the groom handed him 50 cents and promised to pay more later.

It was a rough trip home to Mr. Phillips.

THE "WALTONIAN." In design of artistic small homes, it is always helpful if the frontage is of sufficient width to create a low, spreading type. Breadth of lot should be not less than 50 feet. If this is increased the design can be further developed to include a breezeway and attached garage.

The "Waltonian" is designed to provide the maximum of comfort and utility. The 39-foot breadth of building permits a lot only 50 feet wide. If placed on a corner, it would permit a garage approach on the side street and allow the side yards to be landscaped with shrubs and flowers.

The plan layout maintains a fine balance of room sizes with excellent wall spaces for furniture arrangement. The stair to attic is conveniently located and gives access to an area sufficient for two large bedrooms, bath and storage space.

In architectural style this design adapts Colonial features to the popular tendency for larger windows. The double gables of contrasting materials provides an architectural effect which is pleasing and practical.

This design has been prepared for readers of the Bulletin by Harold C. Beckett, architect, 52 Chatham St. W., Windsor, Ontario.

CESSCO

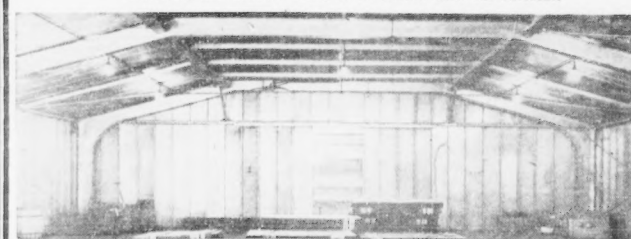

Parkersburg Prefabricated STEEL BUILDINGS

now available in Canada through

CESSCO

Parkersburg steel building serving as combination office and warehouse

Interior of Parkersburg steel building showing rigid bents which are used in all buildings 32' and 40' wide. These bents reinforce the sidewalls and increase the rigidity and load carrying capacity of the roof in addition to providing maximum amount of overhead clearance.

STEEL BUILDINGS — INSTALLATIONS

The Parkersburg line of steel buildings offers dozens of standard types and sizes to meet all ordinary requirements. Also available is a wide variety of portable dwellings and designing facilities to produce a single building or an entire camp to meet your special requirements.

These steel buildings can be erected easily and quickly with a minimum of skilled labor. All parts are plainly marked to simplify and speed up erection, and buildings are 100 percent salvable.

Mortgage Loan Is Business Deal

NHA Financing Scheme Explained For Purchasers

Financing construction or purchase of a new house through a mortgage loan is a straight business deal and the borrower who seeks his financing in a business-like manner, investigating all sources of mortgage funds and weighing the advantage of each, will save himself dollars and avoid many of the difficulties experienced by hasty home-owners.

Corporate and private finance constitute the largest sources of mortgage loans in Canada.

BANKS DON'T MORTGAGE

Chartered banks in Canada are not permitted to make mortgage loans to finance the construction of houses. Yet they play a most important part in the country's building activity, mainly through their financing for builders.

Mortgage loans in Canada are provided mainly by life insurance companies, trust companies, loan companies, fraternal societies, fire insurance companies, credit unions, and individuals, with life insurance companies playing the major role.

As a borrower you may obtain a mortgage loan but you give a mortgage which is the pledging or conveyance of property to secure the repayment of the loan. The amount borrowed under a mortgage loan is the principal and the amount which the lender charges for use of the money borrowed is the interest.

AMORTIZATION EXPLAINED

Amortization is the process of discharging a debt by periodical payments. It is customary for the interest payments on the loan to be made coincident with the repayment of principal.

Generally, where there is an existing mortgage on a house and the house is changing ownership, the new purchaser makes a down payment to the owner and assumes the existing mortgage. This is called mortgage assumption which is an

undertaking by a purchaser to assume responsibility for carrying out the covenants of the existing mortgage given by the original borrower.

N.H.A. MORTGAGE LOANS

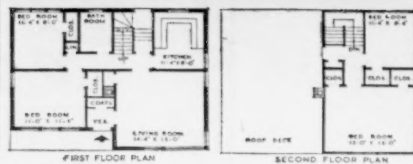

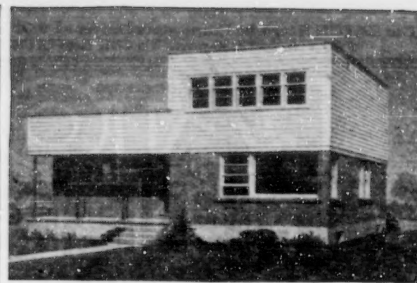

Under the National Housing Act mortgage loans are not available for the purchase of existing houses since the Act was designed to encourage new construction. However, a house which has been built for sale by a builder under N.H.A. may be purchased under the terms of the Act. The builder would obtain the mortgage loan to finance construction and then place the house on sale.

The purchaser makes a down payment to the builder and assumes the mortgage which the builder gave as security for the loan. The terms and conditions are the same as for the individual who obtains an N.H.A. mortgage loan and has his house built by contract.

LOAN VALUE IMPORTANT

Lending value is a most important term because it is the key to the amount of loan which may be obtained. It is the base from which the amount of loan is calculated and it varies for each individual house, location and type of construction.

Although National Housing Act loans are generally made for a minimum term of 20 years, ordinary private loans are usually made for five years. They may be renewed at the option of the lender at the end of each period, but the interest rate might be subject to adjustment. mortgage assumption which is an

APPEARANCE of this four-bedroom house strikes a pleasing and unconventional note in new Canadian house design. Suitable for construction anywhere in Canada, it offers advantages of both a bungalow and two-story dwelling with added feature of a large roof deck. There is a partial basement.

Modern Hardware for Modern Homes!

RELIABILITY in BUILDING SUPPLIES

An outstanding feature at Hayward's this week is a good quantity of well milled, kiln dried flooring. This fine quality flooring is always kept in a heated warehouse to keep moisture content down... and to allow us to assure you of delivery of the finest flooring.

quality FLOORING

RICH, DARK GRAIN OAK

This very hard, beautiful grained flooring will give your floors and years of extra wear and the most attractive flooring money can buy. First Second and Third Grades... from **\$211.00 to \$346.00** Per thousand board feet.

MILL RUN MAPLE

The attractive, clean, light grain of this fine maple will give your flooring good-looking flooring at a budget price. First Second and Third Grades... from **\$195.00 to \$248.00** Per thousand board feet.

MILL RUN BIRCH

This sturdy hard flooring comes to you at a low cost, but with no sacrifice of the many important features that you expect in good flooring. Here is a light grain, warm toned, and a hard wearing flooring. Second Grade... **\$195.00** Mill Run... **\$248.00** Per thousand board feet.

New Revolutionary Idea

SCREEN-O-MATIC WINDOW SCREENS

Here at last is an entirely new and different kind of window screen. Easily installed, Screen-O-Matic eliminates most of the trouble of ordinary window screens—and provides trouble free aluminum window screening. When your window is open the screen appears... when the window is closed... the screen disappears. Features the new, smallest Lumber window screening which is wear-proof, rust-proof and cannot corrode, fade or bulge.

We invite you to enquire regarding the countless advantages of Screen-O-Matic window screens. Quick and Easy To Install. No Fitting Or Special Tools Needed. Economical and Convenient.

Heat Wave Fills City Play Spots

Activities Well-Rounded
Despite Crowds and Heat

This week the playgrounds handled record crowds of children. Wading pools were busy at all times. In spite of the existing heat the playground activities were well rounded out with handicrafts, athletics and special events.

Friday, July 22, which is children's day at the exhibition, the playgrounds will be closed for the day. Miss Victoria Vargha and Alex Munroe are two new additions to the staff of the Recreation Commission.

Westwood: Special events of castle building contests, and pet shows were the highlights of the week's program. Mrs. Morgan was judge of pet show. Plans are formulated for a still contest and the puppetry club will be staging "Cinderella" next Wednesday.

Rossdale: More increases in attendance this week with the installation of playground equipment. Playground with the new equipment will be officially opened this week. A winner roast was held and well received.

Jasper Park: Girls softball team defeated Kitchener 4-6. A tennis court has been constructed at this centre and interest in the game is accelerating. There is a meeting next Tuesday, July 19, and all mothers are requested to attend. An Indian day will be held this week with all the regalia synonymous with Indian customs.

Ritchie: Playground had very interesting week with series of special events. A rhythm band is being formed for two age groups. Industrial tours were an added interest.

Edmonton Park: A very successful doll and pet show was held; the judging was followed by a concert.

By T. W. Van Dusen

OTTAWA, July 15.—With the politicians away, Parliament Hill is coming into its own as one of the country's great tourist attractions.

Reverting to the people, the Commons is attracting a stepped-up flood of visitors. The Canadian and U.S.—that by this week-end will reach 1,000 a day.

No. 1 tip, if you are thinking of coming to Ottawa, is to "Don't try to take pictures in the House of Commons."

It is against the law to snap shutters anywhere in the Parliament Buildings, except from the top of the Peace Tower.

There, shutter fans can snap away at the view below, to their hearts' content.

HOLLYWOOD FAILED.

So rigid is the application of the anti-camera law in the Commons that when the film "Iron Curtain" was made in Ottawa, the celluloid ap-jackers got as far as the Commons door.

Then, Commons Clerk Dr. Beauchamp invoked the mastery of the parliamentary ukase, stopping Hollywood cold.

All the interior shots in the Queen's-lapured film having to do with parliament, were faked.

The film-makers pulled every string they could to photograph the Commons, but the celluloid remained firm in his "no-shoot-no-pass" ruling.

And Hollywood made plans.

Of course, Hollywood, like you or I, was able to take all the exterior shots of the Parliament buildings; it needed.

DK OUTSIDE.

Dr. Beauchamp said, like any other tourist, they could take all the pictures of the outside of the Commons that they wanted.

So the camera crews set up outside the parliament buildings and ground away, but the well-behaved operatives never got to photograph the inside of parliament.

Only time the bar was let down was when the government's National Film Board last winter was allowed to photograph the opening of Parliament.

Never before and never after has the exception to the rule been permitted.

Another good thing to remember on your visit to Parliament is not to know more than the Commons guides.

The guides, members of the protective staff are paid to show visitors around the Commons. They are also paid to know all about the inside of the Parliament Buildings and all the historical background connected thereto.

The guides get a little touchy when they run into self-constituted experts who insist upon knowing more about the Commons' historical background than the guides themselves.

Maybe wrong, but only human, after all.

The Commons this week is getting into high gear for the opening of the Parliamentary session sometime in September.

The Government, a month before opening, has to give Commons Clerk Beauchamp notice that the session is scheduled for a certain date, but canny in the years of his experience, Dr. Beauchamp is getting ready without waiting for the notice.

A big job all by itself is changing the name plates on the doors of members of the last parliament.

Cross Travels 'Round World

LONDON, July 16.—(CP)—A 10-foot cross which last Good Friday was housed in Mount Calvary in Jerusalem is being transported around the world by Roman Catholics to draw attention to the plight of Palestine refugees.

Since leaving Palestine after Easter, it has travelled more than 2,000 miles on the shoulders of pilgrims who have passed it from diocese to diocese and country to country.

Now in England, it is heading daily 10-hour stages from Preston, Lancashire, from where it will be taken across by boat to the republic of Ireland.

In September, Father Thomas Sequet, a Belgian friar who has accompanied the cross on the trip from Jerusalem, will take it to North America.

NO CANADA PLANS.

An official in charge of the tour said there is no plan to route the cross through Canada, though this could be arranged if any Canadian church authorities so requested.

The idea originated with Magr. Louis Kerkmoos, Roman Catholic Bishop of Liege, Belgium, who suggested it as a means of "awakening Christian conscience to the present dangers to holy places in Jerusalem and in the problem of Palestine refugees."

Father Bequet (pronounced Becket), claims to be a descendant of the brother of martyred Thomas a Becket of Canterbury.

Forest Heights: A birthday party, crafts, and games makes this tot lot a very promising locale. Friday was a "Pancake Day," ice cream and refreshments were thoroughly enjoyed.

McCauley: At McCauley several contests were held: 1. Freckle—1st, Jerry Blackwell; 2. Missing Tooth—1st, Michael Thompson; 3. Checker—1st, Joyce Haman; 4. Pirate Sword—1st, Hanley Wiczorek.

Judges were: Mrs. Lillian Petry, Mrs. Ann Germain, Mrs. B. Cox, Mrs. R. Hart, and Mrs. F. Gilbert. On Monday, July 18, the Correspondence School Branch is bringing a record player and records for children's appreciation. Yading pool has been the haven of hundreds of children.

Borden Park: Wading pool plus the natural attraction of this centre makes this playground a very thriving place for all age groups.

Riverdale: A hike for the 6 to 12 year olds will be held Wednesday, July 20th. Wiener and marshmallow roasts with games will make this a very enjoyable event.

A Toys in Talent program will be held August 17th, and all competitors are asked to contact the director. A hat show, wading pool, and ball games continue the interest of this centre.

Knob Hill: A doll and pet show was successfully held with prizes given to the winners. An Indian day is planned for this week. With the natural environment of this centre the theme should be well patronized.

Highlands: Activities are holding interest. Softball games keep the children very busy with a heavy schedule. Needlework classes for girls with Mrs. Potter instructing.

Westmount: Good balanced program with woodwork, crafts and pre-school activities have kept this centre a much sought place for recreation. Mr. Ream is the instructor for boys woodwork classes.

Kitchener: A winner and marshmallow roast held Wednesday was well attended. Good handicraft projects bring out large numbers of children who have been doing very good work.

Cloverdale: Soccer and football make up most of the program; yet other good community volunteers offer phases of activity are carried out. A Pirates Day is to be held in the coming week.

North Edmonton: Plans are being laid for a Junior teens club with Father Columban assisting in the project. All boys interested in volleyball are asked to contact the director.

Piston: Very good handicraft projects with volunteers Mrs. F. J. Edwards, Mrs. O'Sullivan, Mrs. Grainger, and Mrs. Rugeley have provided much interest. A birthday party was held Wednesday, July 13, and entertainment and refreshments were well carried. Coleport and fret saw work classes have started for boys and girls.

Eastwood: Parades and contests, along with constant use of tot lot equipment is making this playground a large centre of activity. Thursday, July 21 will be the "Hat Show." Sunday, July 18, there will be a "Tot Mothers Meeting" at 8 p.m. in the hall. Mothers are asked to bring scissors.

Forest Heights: A birthday party, crafts, and games makes this tot lot a very promising locale. Friday was a "Pancake Day," ice cream and refreshments were thoroughly enjoyed.
